

PRODUCT INTRODUCTION

Changing a kitchen fire suppression system can be a *hassle*. Evergreen “**INNOVATIONS**” just made the job a bit *easier*.

When removing a Corner Pulley, installers no longer need to remove the Quik-Seal for Corner Pulley in the hood. Simply install the new Evergreen Quik-Patch for Corner Pulley to the existing hood seal.

It's **easier** than 1-2-3

- 1. Remove existing Corner Pulley from the penetration seal**
- 2. Install NEW Evergreen Quik-Patch for Corner Pulley**

For 7/8" threaded Corner Pulley Part No. *Each* 1476 Box of 24 Part No. 1488
