Individual 213 Box of 12 216		Individual 213L	1" Quik-Seal 1-5/8" Hole

When one size doesn't fit all, Evergreen Tool introduces new products to fit the bill.

Evergreen Tool now offers a full line-up of 3/8" and 1/2" Quik-Seals. The new "M" size is made for the hoods that need just a few more threads while the "L" is designed for dry chemical systems like paint spray booths.
